

CLICK DIVORCE CASE AGAIN BEING HEARD

After Having Come to the Court of Appeals.

DIVORCEE NOW SEEKS PARTITION OF PROPERTY

Mrs. Earl W. Stewart Gets Decree Saturday—Brings Suit in Partition Yesterday.

Judge Calvin H. Wood, of Mt. Pleasant, this morning came to Marion to hear the divorce suit brought by Clinton E. Click against Frances Click on grounds of absence and neglect, scheduled for the second hearing today.

The first hearing of the case was held December 28, 1929, by Judge C. F. Close, of Upper Sandusky, who dismissed the petition of the plaintiff and awarded the defendant a divorce on her cross-petition charging gross neglect. The plaintiff took the case to the court of appeals on error and April 23, 1931, the higher court reversed the finding and judgment of the lower court on the ground that there was error in overruling a motion for a new trial for the reason that the finding of gross neglect was not sustained by sufficient evidence.

Suit in Partition.

Florence J. Stewart, through Carlhart & Warner, Monday afternoon in the common pleas court filed a partition suit against the Citizens Building & Loan company. O. H. Jennings and Earl W. Stewart, Mrs. Stewart secured a decree of divorce from Earl W. Stewart Saturday afternoon in the common pleas court.

The plaintiff claims she owns one-half interest in lot No. 3, 355 in Eden Park addition to Marion and that Earl W. Stewart, who is a tenant in common with the plaintiff, also owns one-half of the property. She sets up that the Citizens Building & Loan company and O. H. Jennings claim some interest in the property and asks that they be required to set up their interest. She asks that her interest be set off to her in severalty, or that partition of the premises be had and her share given her.

Marion To Strike Out.

Motion of the defendant to strike the second amended petition from the file was sustained in the common pleas court this morning by Judge Grant E. Mouser in the case of the Cleveland, Cincinnati, Chicago & St. Louis Railroad company against Llewellyn L. Ailer. The defense claimed the causes of action set forth in the second amended petition are different from those set up in the original petition when the case was tried in the justice of the peace court. The railroad company is suing for \$59.50 alleged due for demurrage and rental.

Default Judgment.

Default judgment for the plaintiff in the sum of \$583.55 was entered by Judge Grant E. Mouser this morning in the common pleas court in the suit of William T. Jones against Edward F. Zebold.

The plaintiff, in his petition, set up that he and E. J. Nichols were sureties on a \$1,200 bond of the defendant as administrator of the estate of Clara Zebold, that the defendant was discharged as administrator and was found to owe the estate \$1,344. He also set up that the defendant's interest in the estate amounted to \$453.59, leaving the defendant and the sureties indebted to the estate in the sum of \$1,491.31. This morning the court ordered L. B. McNeal to pay \$138.40, money he holds for the defendant, to the clerk of courts, who, after paying the costs, is to pay the balance to the plaintiff.

STILL CLINGING TO THAT SUMMER FEDORA

Despite Temperature Drop and Ringing of Bell.

Like the meek thinking of a "little beauty" on a cold winter morning the bell which rang on straw hats loud and long last Thursday did not reach the ears of all the panorama lovers. With the drop in temperature the straw fedoras were much in evidence up and down the length of the city.

The aftermath of the summer headgear is heralded by many of the so-called weather prophets as indicative of an early spring and if like the husks on an ear of corn if they sit loosely on the nubbins they are also the sign of a mild winter. It was claimed by the aforesaid prognosticators that the above conclusions were arrived at by the seers with a full and comprehensive knowledge of the fate of false prophets.

The most interesting conclusion that has been arrived at in all the city is the theory advanced by a certain student and follower of the gentle art of psychology and this learned one declares is one of the optical illusions so often confronting the members of the human race. "In many of the cases," he said, "where one imagined a passerby to be wearing his hat of straw, more head gear it was worn than on an after image of the hat he had worn during the hot months and

OBITUARY

Eichhorn.—Fannie Ida, daughter of the late John T. and Salome Uleh Merchant, was born in Marion county, Ohio, March 29, 1878; departed this life August 10, 1931, aged forty-three years, four months and twelve days. She attended school near the old Merchant homestead; later in the eighth grade in the Marion city schools and Marion normal. She then taught until 1901 when she was united in marriage with Fred Eichhorn, of Cardington, Ohio, April 25. They lived in Cardington until 1906 when they spent one year in Portland, Oregon. On their return they lived on a farm in Big Island township, this county, for two years. Later they moved to Traverse City, Michigan, and later to St. Joseph, for the benefit of her health. Her death was due to complications as the result of an operation, to which Mrs. Eichhorn submitted in the early spring.

Aside from her husband and daughter, Helen Iris, Mrs. Eichhorn leaves two brothers, Jacob U., and Thomas E. Merchant; two half-sisters, Mrs. Ann Carhart, of Marion, and Mrs. W. R. Burr, of Cardington, and other relatives and friends to mourn her going into the higher life.

One sister, Mrs. Bettie B. Finch, and three half-brothers, I. A. C. B., and J. T. Merchant, preceded her in death.

The funeral services were held at the home of her cousin, Mrs. Sidney Gruber, No. 698 east Center street, Dr. Jesse Swank officiating. Burial was made in the Marion cemetery.

Mrs. Eichhorn united with the Epworth M. E. church during the pastorate of Rev. J. L. Hillman and lived consistently with her faith, enjoying and taking an interest and active part in church work. During her residence in St. Joseph, Michigan, she attended the Evangelical church.

As we linger here a little longer, we can look through tears of gloom, But the Master called "Come up hither" And our sister had just gone home.

MRS. ELIZA ANN MARTIN EXPIRES THIS MORNING

Mother of Mrs. L. L. Lamborn Taken at Ninety.

Mrs. Eliza Ann Martin, who would have been ninety-one years of age had she lived until October 8, died from the infirmities of age at the home of her daughter, Mrs. L. L. Lamborn, No. 271 Trew avenue, this morning at 7 o'clock without awakening from her night's sleep. She has been failing for some time and a daughter, Mrs. F. L. Greener, of St. Louis, has been here all summer helping care for her.

Mrs. Martin was one of the early crusaders and for many years was an active worker in the W. C. T. U. She was a great reader and always took much interest in current events. About four years ago her eyesight began to fail, until a year ago she became totally blind. However, her grandson, LeRoy Lamborn, read the newspapers and magazines to her and in that way she was ever able to keep abreast of the times.

October 2, 1820, Mrs. Martin was born at Minerva and was one of a family of thirteen children. As Eliza Ann Hostetter she was married to L. Martin at Canton August 16, 1859. She and her husband were among the founders of Camp Syker at Mt. Vernon, which was founded many years ago, but is still in existence. Mrs. Martin died in Canton eleven years ago. Mrs. Martin passed most of her life in Stark county, but the past number of years had resided with her daughter, Mrs. Lamborn. She had been a member of the Methodist church since girlhood.

A son, John W. Martin, of New Franklin; two daughters, Mrs. Greener and Mrs. Lamborn; six grandchildren, nine great-grandchildren and one great-great-grandchild survive. Mrs. Martin also leaves four sisters, Mrs. Harriet Robison, of Sharon, Pennsylvania; Mrs. Elizabeth Blanchard, of New Franklin; Mrs. Sadie Hutchison, of Los Angeles, and Mrs. Verdie Keeler, of Sotheia, Kansas. Short services will be held at the Lamborn home this evening at 7 o'clock for the relatives and friends. The family requests that no flowers be sent. The body will be taken to Canton Wednesday morning and the funeral will be held at the Simpson M. E. church in that city Thursday, Dr. C. E. Manchester officiating. Interment will be made in the Canton cemetery.

SECRETS NO MORE

[Copyright, 1931—Tachypoon Feature Service.]

Q.—How are moving picture sets constructed?

A.—First a miniature set is built, painted and then photographed. The photographs, which are made at certain given distances, give a faithful idea of how the full size set will look when constructed. Sometimes the pictures of the ideals show that alterations are necessary so that all of the set will come within range of the camera. Sometimes changes in the color schemes are necessary. When the models are finally perfected, they are turned over to the construction department where the full size sets are built.

Q.—To whom is Ben Wilson married and where does he live?

Q.—How many Darlings are there in the movies?

A.—There are three actresses named Darling playing in movies who are a consistent worry to the mail men of Los Angeles. They are Helen, Ida and Grace. Grace was once a newspaper writer. Helen was a classical dancer and Ida was on the stage fifteen years before going into the movies.

PRESIDENT TO MEET CABINET

Number of Current Problems To Be Considered.

SECRETARY HUGHES WILL MAKE REPORT

Secretary Will Submit Facts Regarding Progress Toward the Arms-Limitation Meeting.

Washington, Sept. 20.—President Harding was to meet with his cabinet today for the first time in ten days.

The session probably will be a general one dealing with a number of current problems. Secretary of State Hughes will report on the general situation concerning the November arms-limitation conference. Secretary of Commerce Hoover will lay plans for the unemployment conference before the cabinet and it is likely there will be discussion of the general legislative situation, particularly with reference to taxes.

The report of the committee on reorganization of governmental departments which will recommend radical changes in the departmental make-up of Washington is not yet ready, but probably will be laid before the cabinet at next Tuesday's session.

SUBMARINE R-47 REPORTED IN DISTRESS

Wireless Message Received at Miami Tells of Trouble.

Miami, Fla., Sept. 20.—A wireless message from the submarine R-47, saying she was in distress at a point 100 miles northwest of Nassau, was received here, according to Ensign W. H. Klippert, commanding the sub tender USS I-151 here.

The message was sent broadcast, it was thought.

ANOTHER CUT MADE IN FREIGHT RATES

The Interstate Commerce Commission Issues an Order.

Washington, Sept. 20.—The interstate commerce commission today made another cut in freight rates, when it ordered the transcontinental railroads to decrease rates on vegetables from California and Pacific coast territory to territory east of the Rockies as far as Chicago and the Mississippi river, approximately eighteen per cent.

The hearing of Pete Madoni on a charge of unlawfully possessing intoxicating liquors, which was to be held in the mayor's court this afternoon, was continued to September 29 at the request of the counsel for the defendant.

The local police received a call from the Delaware department this morning asking them to be on the lookout for a Ford roadster with Ohio license No. 421744 that was stolen at that place Monday night.

Full Organization.

Columbus, Sept. 20.—Ohio will have a substantially complete national guard organization—the Thirty-Seventh division—according to Adjutant General Florence, if the war department accepts units scheduled to be inspected this week. In view of unavailability funds, it is not intended to organize an observation, or aero, squadron at this time.

NATIONAL CONGRESS OF INSURANCE UNION

Delegates from Twenty States Arrive in Columbus.

Columbus, Sept. 20.—Delegates representing twenty states, are arriving today to attend the twenty-seventh anniversary celebration to be held in connection with the American Insurance Union's national congress which will open here tomorrow. About 110 delegates are expected.

Secretary of Labor Davis and Elsie Janie are on the program. Secretary Davis is to make an address and Miss Janie is to give a public entertainment.

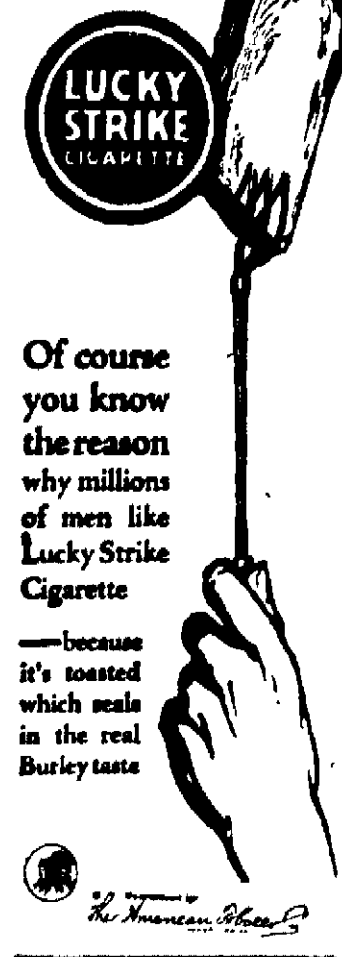

Session of the national A. J. U. cabinet and court are to be held today. A reception for visiting delegates will be held tonight.

VOLSTEAD SAYS HIS LIFE IS THREATENED

Warned He Will Never Again Occupy Seat in Congress.

Minneapolis, Minn., Sept. 20.—Warning that he would never again take his seat in the house of representatives has been received by Congress A. J. Volstead, author of the prohibition enforcement law. Volstead revealed in an address here that he had received an anonymous letter just before he left Washington, threatening his life. Several similar letters have been received by him, Volstead said, since the passage of the prohibition enforcement act.

BUTCHER IN A BERLIN MORGUE

Takes Pride in Showing His Murder Methods.

CONFESSED SLAYER OF TWENTY GIRLS

Fiend Shows No Remorse Over His Career—Lures Victims to Den and Kills Them.

Berlin, Sept. 20.—"How should I know how many times I beat her? Why don't you count the wounds—they'll show!"

At Berlin's main morgue, with the body of his latest victim spread before him on a slab, "Butcher" Earl Grossman confessed slayer of twenty girls whose corpses he dissected for "veal steak" and "sausages," which he sold to the poor in darkest Berlin, thus cheerfully responding to questions from detectives and psychopathic experts surrounding him.

Even now that he has confessed the fiend feels not the slightest pang of remorse; nor does he fear conviction and punishment at the trial which is drawing near.

They made him demonstrate on the bruised and battered body of Frieda Schubert how he tied her hands and feet to the bed posts. He did it calmly, painstakingly with apparent pride in his handiwork. Indeed it was his vanity as an expert "super fiend" that made him finally confess after weeks of silence.

SAYS HER RECOVERY IS ALMOST LIKE A MIRACLE

From Helpless Invalid to Complete Restoration of Health. Strength and Happiness Is Wonderful Change Mrs. Root Experienced in Three Weeks—Statement One of Most Remarkable on Record.

MRS. JENNIE ROOT

"Just a week before I started taking Tania I was down in bed so crippled up with rheumatism I could not move without help. My son had taken Tania, and it had done him a world of good, so one day he brought home a bottle and said, 'Mother, I want you to take this.' When I had finished that bottle, I felt like a different woman, and by the time I had finished my second bottle, I was out in the garden again."

Tania has simply done wonders for me, it almost seems like a miracle. This is the remarkable statement made recently by Mrs. Jennie Root, residing at 1409 Powers St., Portland, Oregon, and is only one of tens of thousands from well-known men and women who are daily testifying to the powers of Tania.

Continuing her wonderful statement, Mrs. Root said: "For years I suffered terribly with rheumatism, and would often be down in bed for days at a time. In the last five years there was not a time that I didn't feel those rheumatic pains all through my body. About two months ago I got very much worse and my arms and legs were so bad I was almost helpless and couldn't even hold a pen to sign my name. I was so weak I could not do any housework. I couldn't even sleep, and had no rest day or night. Even to walk a few steps would tire me out completely. When I tried to walk I would stagger, and when I did walk a little way and sat down I could not get up without some one helping me. I had no appetite and hardly ate enough to keep me alive. I could not sleep over far enough to get my shoes on."

"I never knew what a night's sleep was, and would lie awake for hours. At times I would get very cold and would have to get

up and sit by the fire all huddled up, and my daughters would put hot water bottles all around me. I was treated by four doctors, and took all kinds of medicine. Nothing ever did me any good. I am just like a different person now. All those terrible aches and pains have left me, and only the other day I was able to walk up four flights of stairs in an office building when the elevator was out of order.

"My appetite is just splendid now, and just today for the first time in years, I felt so hungry that I had to go and eat a piece of pie between meals. In fact, I can't remember the time that I have felt as well as I do now. I have not only regained my health and strength, but I have gained fourteen pounds in weight. Tell you the truth, I wouldn't exchange the benefit I have received from Tania for the best ranch in Oregon, and I will praise it as long as I live."

Tania is sold in Marion by the very cold and would have to get Dumble Pharmacy.—Ad.

UNCLE SAM'S BABY BLIMP ON CRUISE

Leaves Wingfoot Field at Akron for Dayton.

Akron, Sept. 20.—Uncle Sam's baby blimp, measuring ninety-two feet in length, left the hangar at Wingfoot field here late yesterday afternoon, bound for Dayton. It was the maiden trip of the craft and Lieutenant George McIntyre, on leaving, expected to negotiate the 175 miles by late last evening.

Because of its size, Wingfoot field officials have christened the craft the "Roadster" of the air.

It carries a crew of two. The blimp will enter service at McCook field.

NEW UNION DEPOT HEARINGS OPENED

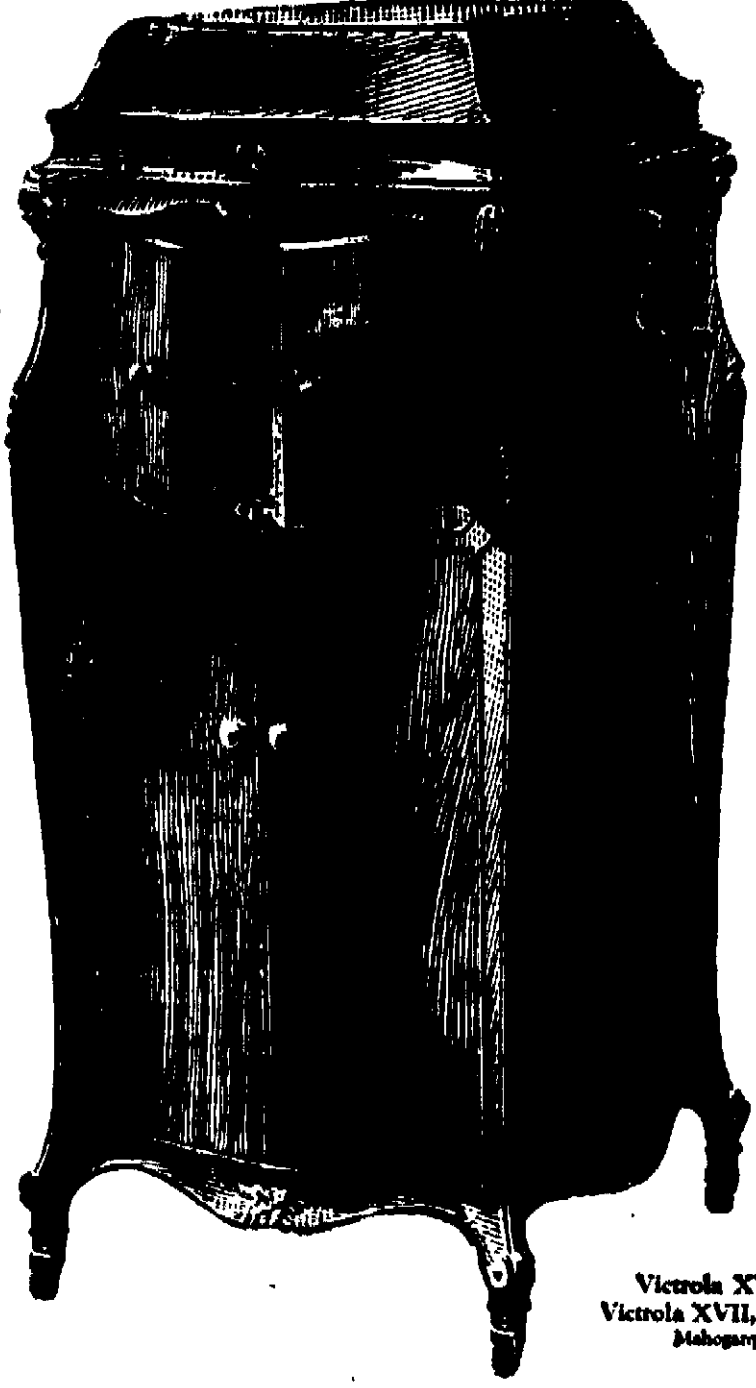

Cleveland People in Squabble Over Location of Depot.

Cleveland, Sept. 20.—Hearings on the question as to whether Cleveland is to have a new union depot located on the public square, were begun this morning before John B. Campbell, of the United States interstate commerce commission.

Peter Witt, foe of the square plan and advocate of the station on the mall, was present to represent the opposition. Among those appearing as favoring the depot on the square was Newton D. Baker, former mayor and former secretary of war.

RENDEZVOUS OF GANG OF BOMBERS

Raided by Chicago Police and Explosives Are Seized.

Chicago, Sept. 20.—More than 1,400 sticks of dynamite and 100 sticks of TNT were seized by detectives, yesterday, in a raid on the rendezvous of an alleged gang of bombers that followed the bombing of Davis Kremen's shoe repair shop in south Halsted street.

Five men declared by the police to have hurried the bomb were pursued. One alleged bomber was wounded and two others captured. Two others were seized later in the raid on the dynamite cache.

The bomb which was hurled at Kremen's shop wrecked the front of it, hurled Kremen and his four children, living in the rear of the shop, out of bed and shattered windows in adjoining buildings.

ANDREW DAVY GOES TO ELECTRIC CHAIR

Columbus Wife Killer Pays the Death Penalty Today.

Columbus, Sept. 20.—"I'm sorry," said Andrew Davy, thirty-eight, shortly before he started from his cell to the death chamber, where, lips moving in prayer, he met death early this morning in the electric chair at the penitentiary. He was convicted of murdering his wife here, August 19, 1920.

Using a board with nails projecting from one end, Davy beat his wife, then choked her. After stabbing her about forty times, he dragged the lifeless body through the yard at their home, No. 255 east Beck street, during a downpour of rain.

Davy was the first Franklin county man to be electrocuted without having a jury trial. Expecting clemency, Davy pleaded guilty. He was promptly sentenced to death.

Will Sell Plant.

Baltimore, Md., Sept. 20.—It was reported here today that Commander J. K. L. Ross, multi-millionaire Canadian sportsman, will dispose of his vast racing plant at Laurel, Maryland, equipped at a cost of \$1,000,000. It is said the parting of Ross and his trainer, Guy Bedwell, is responsible for the wealthy Canadian's decision to dispose of his estate in Maryland.

You can't help noticing the man who comes down to the office in the morning with ruddy cheeks and clear sparkling eyes—full of energy, and eager for the tasks of the day.

He is physically "fit"—and can do twice the amount of work the average person can do, without becoming fatigued.

If you go out to lunch with this man you'll notice that probably he avoids coffee, though he may drink Postum—the well-known and delicious beverage, coffee-like in flavor.

This is the secret of his superb health. He isn't putting the drugs from coffee or tea into his system three times every day. As a consequence he sleeps like

a healthy baby all night. His sleep refreshes and rests him. He has perfect control of his nerves.

Do not delay another day in starting back on the road to robust health. The rich, coffee-like flavor of Postum will surprise and please you.

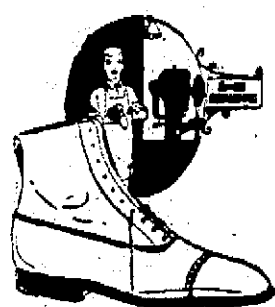

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for ten days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 30 minutes.

REBUILDING ORGAN OF TRINITY CHURCH HERE

Work, Mighty Task, Being Done by Marietta Expert.

DEAD SPARROW FOUND IN ONE OF ORGAN PIPES

Description of Organ—Work of Rebuilding To Be Completed Next Week.

Two new stops are being added to the organ of Trinity Baptist church and the entire instrument is being repaired and cleaned. The work is being done by F. R. Smith, of Marietta, who installed the organ in April, 1905. The work being done necessitates tearing the entire organ to pieces at a cost of \$500. In taking the organ apart 563 pipes have to be taken down. The organ has two manuals great and swell, and is of the pneumatic control type. It has between three and four miles of

half-inch lead pipe by which the feed pipes are operated. There are sixty-one keys on the great manual and seventy-three keys on the swell manual. The new stops being installed are known as aeolian, or very soft, and gemshorn, or medium, for solo accompaniments. There are sixty-four front pipes and these are all being taken down and will be regilded before being replaced. A Sparrow Is Found. In one of them was found a spar-

row which had been entrapped for many months. Of the sixty-four front pipes there are nineteen speaking tubes, or tubes with openings. They range in height from nine up to fifteen feet. The organ is so built that four more stops could be added as well as an echo stop, which would operate pipes located in the rear of the church. The organ is equipped with what are known as couplers. These make it possible for the organist to control harmony otherwise unattainable. In playing the cord of "C," seven keys are used but the organist may use 182 pipes. The organ is in good condition and while not the largest, it is regarded as one of the best in Marion. It is worth approximately \$7,000.

Work of rebuilding the organ is to be completed, by Wednesday of next week. What's in a name? See advertisement Wednesday night—Adv. 251-2-4.

OHIO FEDERATION OF WOMEN'S CLUBS

By Mrs. George Elliott McCormick, Director of Press

Important Club Feature. An important element in successful club work is emphasized in a message this week from Miss Alice Boardman, chairman of library extension for the Ohio Federation of Women's clubs. "Travel is not necessary for gaining knowledge and understanding can be gleaned from reading the proper books."

Miss Boardman would have all children taught to know the outstanding figures in American literature. "Let me urge every parent to read to the children every day of their lives until they are able to read for themselves," she declares. "Let me urge you to recognize the importance of this reading, for we all know full well that the early years are the impressionable years. Your librarian will be glad to select and furnish the books you will need. Your efforts and your sacrifice will be repaid a hundred-fold in the happy hours your children will never forget."

Miss Boardman's address is state library, statehouse, Columbus, O.

Better Schools, Better Roads. Chesapeake club women are placed in a class of "superlative progressive." Better roads and better schools are engaging their attention and they mean to have both, according to Mrs. E. M. Martindill, president of the Woman's Mutual Improvement club at Chesapeake. "We are thinking, reading and studying as never before to keep pace with 'Friend Husband' and in the making of better wives and mothers," writes Mrs. Martindill.

The Chesapeake Woman's Improvement club has supported a French orphan for four years and expects to do so for another year. It is planning to do some club extension work this year and effect the organization of clubs in two or three

neighboring towns. "Let me say to the woman who is restless and seeking new interests—join a club," Mrs. Martindill observes. "You will find greater and warmer friendships and time well spent. With the enfranchisement comes a new responsibility."

Ohio Federation Notes. Seventeen club women from Nelsonville, the girlhood home of the Ohio federation's president, Mrs. William H. Sharp, Columbus, will attend the state convention at Cincinnati in a body.

Scottie McKenzie Frazier, of Alabama, will speak at the state convention on "What Shall We Do with Our Talents?"

Toledo club women are busy in behalf of the election on the city council of Mrs. G. C. Blittner, first vice president of the Toledo federation, and for the election as members of the board of education of Mrs. Karl Plickinger and Dr. Mary Law.

Ohio club women are expected to foster many practical movements this fall. In Toledo the smoke committee, representing the Toledo Woman's club, the League of Women Voters and the forty-two federated Toledo women's organizations, under the chairmanship of Mrs. F. C. Titus, has presented to council an ordinance designed to relieve Toledo of its smoke nuisance.

Akron has a home and school league. It was organized to better conditions of child life and to teach motherhood as a profession. The league is made up of thirty-six branch organizations.

SOCIETY

Dr. and Mrs. M. B. Newhouse entertained the Elks club at their home on east Center street, Monday evening, for the pleasure of their daughter, Mrs. E. H. Bohne, of Ann Arbor, Michigan, a former member, who with her little daughter is here on a visit, and also for another daughter, Mrs. N. L. Wood, and her daughter, Phyllis, of Bowling Green, Kentucky, who are guests at the Newhouse home.

Mrs. Harry Kull was a guest

A tea for the women enjoying the privileges of the Marion Country club was given at the club-house Monday afternoon. It was the first of a series of informal social gatherings to be held there during the season.

About 120 were present. Later tea was served. Mrs. C. L. Rutherford sang a group of songs preceding it and another group afterwards. She was accompanied by Mrs. H. K. Mouser.

The tea was in charge of the social committee of the club. The next of the series of social gatherings will be an informal dance next week.

Mrs. W. B. Seibert, of Blaine avenue, was surprised Sunday in honor of her birthday by Mrs. Magdeline Schaffner, Miss Julia Durtzsch, Mr. Fred Durtzsch, Mr. and Mrs. Christian Durtzsch, Ruth and Paul Durtzsch, Mr. and Mrs. Robert Thair, Mrs. Stoner and Misses Eva and Mildred Rinker, all of Gallon.

A dinner was served and a feature was a birthday cake with candles. Music and games were enjoyed.

A very elaborate birthday dinner was served at a surprise party given Sunday in honor of Henry C. Grider at his home on Elm avenue. Those enjoying the day were M. and Mrs. Charles Smith and sons, Earl and Donald, of Caledonia, Mr. and Mrs. Wesley Mohat and children, Lena and Ralph; Mr. and Mrs. William Dillinger and sons, Charles and Harry, Mr. and Mrs. O. D. Davis and daughter, Eula; Mr. and Mrs. Bernard Miller and sons, William and John, Mr. and Mrs. E. B. Hammon and children, Ralph and Mary, Miss Thera Davis, Messrs. Millard Hammon, Chester Mohat, Robert Miller, Elva Mohat the host and hostess.

Miss Evelyn Moore, of south Prospect street, entertained a company of friends Monday afternoon, in celebration of her eleventh birthday anniversary. A pleasing feature of the party was the birthday cake with eleven lighted candles. The hostess received a number of pretty remembrances. Those present were Misses Margaret Henry, Evelyn Conarty, Martha Tachanen, Freda Shupp, Selma Schow, and James and Charles Moore.

Mrs. Charles Heinlein entertained at a dinner of attractive appointments, Monday evening at her home on north Prospect street. Her guests were the girls of the Erie superintendent and division engineers' offices. Mrs. Heinlein was formerly Miss Lulu Stump and was employed in the Erie offices. American Beauty roses formed a beautiful center for the table at which covers were laid for Misses Alice Blair, Mary Margaret O'Donnell, Josephine O'Donnell, Mary Von Kaenel, Bernice Bartlett, Esther Lanius, Aurelia Hoeker, Florence Sweney, Lucile Conarty, Margaret Sampson, Ruth Belt and Mary Lundergan. Mrs. Heinlein was assisted in serving by her sister, Miss Goldie Stump and Miss Irene Roller.

The annual meeting of the Saturday evening social club was held at the home of Mrs. Thomas H. Scott, on east Center street, Monday evening. The business of the club was discussed, the present officers retained and an assistant chairman and treasurer elected.

The club members range in ages from fourteen to twenty years. The first meeting of the season will be held at the St. Paul's Episcopal parish house early in October.

The members of the Gratiot-ery club pleasantly surprised Mrs. Frank Houghn, of south Main street, Monday evening. Mrs. Houghn left to-day for Springfield where she will make her home. She was presented a pretty silver gift as a remembrance of the club members. Games and music were enjoyed by the company.

During This Great Sale of Fine Luxur-
ious Fur Garments

Many Exclusive Models in This Collection
Cannot Be Duplicated at Any Price—All
Represent Savings Amounting to
About 1/2 of Last Year's Price

THIS great sale of the most luxurious furs and fur garments has been met with the utmost interest and enthusiasm. Monday and today were extremely busy days in our Fur Department. Tomorrow will be the last great day of this event.

This is by far your greatest opportunity of the season to view the most elaborate and most exclusive showing of beautiful Furs you will see any place.

Now is the year to buy furs. The prices are down to about one-half of last year's prices. Last year in many cases we advised our customers to defer buying furs until this year, as we anticipated that fur prices would be down to the proper levels.

This collection, which includes our own stocks, as well as thousands of dollars worth of luxurious furs and fur garments from one of the best known furriers in the country, affords you furs which are of unquestionable quality as well as authentic style, showing the highest type of workmanship which can not be duplicated elsewhere.

We invite your inspection of this most wonderful collection which consists of thousands of dollars worth of fine furs.

There Is Business Opportunity In a Westinghouse Service Station.

A Battery Service Station is doubly profitable. Profits are dependent upon not one, but two fields—Selling and Service. It amounts to two businesses with one overhead.

Every opportunity to serve, later brings an opportunity to sell.

The Westinghouse Battery is built by an organization of battery experts and backed by the traditional Westinghouse habit of success. The battery has proved itself in service as a product worthy to bear the name Westinghouse.

THE JOSEPH HARDWARE STORE

Low Brothers

"Instead of putting off painting this fall, Joe, let's put it on"

It's always cheaper to paint before its needed than afterward. Takes less paint. Costs less to do the painting.

Fall weather is ideal for painting. Sun not too hot. Dries slower and will last longer. No pecky dies to disfigure it.

Painters, too, are not so rushed, and will spend more time on the work.

And when you buy your paint don't begrudge the few cents difference between a cheap paint and a paint that's cheap. The cheap paint isn't cheap no matter what its price.

The paint that's cheapest is cheap because it goes farther and costs less to make it go. Such a paint is Low Brothers. Besides, it lasts longer and looks better as long as it lasts.

Come in and ask for booklet, "Figure Your Painting Costs With a Brush—Not a Pencil." It's free. So is the color card.

The National City Bank & Trust Company JUDGMENT!

A financial institution cannot be judged by the volume of deposits alone or by its dividends to stockholders.

There are higher standards of service than these—the standards of service rendered in the development of the community—industrial, commercial, civic.

This bank undertakes to maintain its service to its customers and its community on the highest possible plane. It is because of this that, eight years ago, it joined the **FEDERAL RESERVE SYSTEM** to make sure that its patrons enjoyed every protection and every facility; it is because of this that it maintains a capital and surplus of \$332,000.00 and that it provides every modern equipment.

The National City Bank & Trust Co. likes to be judged on the basis of its service to the community.

This Letter Will Tell You How

"I suffered terribly every month, and was always tired and nervous, and had indigestion, and often could not do a thing. I was this way about two years, and had to stay home with my mother. I tried several medicines, then I found a book of yours, and mamma told me to try the Compound. So I got a bottle of Lydia E. Pinkham's Vegetable Compound, and it certainly worked wonders with me. I have taken six bottles of it, and am still taking it when I feel the need of it. I have already recommended it to a number of working girls, who are taking it. I am working now, and stand up all day and feel fine. I am glad to say that Pinkham's medicine did a lot for me and for my mother, and we only wish we had taken it a long time before."—Rose Schorr, 4876 Annunciation St., New Orleans, La.

This letter is but one of a great number received every year from women, young and old, and from almost every walk of life. These letters testify to the merit of Lydia E. Pinkham's Vegetable Compound.

Miss Schoeff works for her living, but on account of sickness was obliged to stay at home for two years. During this period she suffered terribly at times. She tried several medicines without finding relief. Finally she tried Lydia E. Pinkham's Vegetable Compound, and in this letter tells what it did for her.

The Vegetable Compound contains no narcotics or harmful drugs, and can be taken in safety by any woman. Your livelihood may depend on your health. So try

THOSE "HATE" STORIES.

According to some correspondents at Geneva, America was "never so thoroughly hated" by the people of Europe, both former companions in arms and former foes. This hostility is attributed to our refusal to tie ourselves up to the league of nations. The league admittedly is far from an entire success and these correspondents say America is blamed for its failures. They hate us, eh? Well, let us see. The other day the French government, through a cabinet minister, expressed his gratitude to the women of America for their inestimable services in the reconstruction of homes destroyed by the German invaders. France will never forget, he said, the debt it owes to America and especially to its women who have given so freely, not only of their money, but of their time and energy and peculiar sympathetic talents to the restoration of the homes of the poor peasants.

One American woman restored an entire town, including not only the dwellings, but the public buildings. Anne Morgan supervised the activities of an association which has accomplished wonders in the devastated districts. A delegation of members of the American legion has just returned from a three weeks' tour of France and Belgium and its commander reports that its welcome everywhere was "unapproached by any reception in these nations ever before accorded a party of unofficial visitors from a foreign country." Throughout their brief trip they were overwhelmed with kindness from their enthusiastic hosts. Everywhere they were recognized as representatives of the force that saved Europe for civilization. The peoples of France and Belgium could not do too much for them.

And Russia? The people there, who are being rescued from the famine which resulted from the Bolshevik tyranny and misrule do not exactly hate the agents of the American relief administration.

There must be a mistake somewhere.

THE LARGEST CITY.

Two questions are more frequently asked the information bureau of newspapers than "Which is the world's largest city?" For many years the answer was simple: "London." Then the Great New York arose, taking in not only Brooklyn, but Staten Island and the Bronx and other outlying districts and became the world's metropolis. London followed suit, increasing her area and population, and the question became confused. Now comes the announcement of the census taken this year which gives London a population of 7,476,368, an increase in the last decade of nearly 3,000,000. Last year's census gave Greater New York a population of less than 900,000 increase since 1910 or 5,321,151 inhabitants. The present area of Greater New York is 315 square miles and of Greater London 695.

Jersey City, Hoboken, Newark and other cities of New Jersey are as much a part of the American metropolis, from a standpoint of location, as many communities allotted to London are a part of the British capital. They can never be included in the statement of New York's numbers, but a large portion of their population inhabits the big city for many hours daily.

HAVING A GOOD TIME.

"It takes all kinds of people to make the world," so perhaps we would do well to cease being puffed because a very small fraction of the population wants to regulate the conduct of the whole people. The "blue" ones no doubt are necessary to complete enjoyment of those who are, some other color or a combination of all the colors. At any rate, the world would be a trifle off "true" if they did not exist. In order that there be the greatest amount of satisfaction for the greatest number of human beings all must reasonably respect the predilections of their fellows, however opposed they are to one's own preferences, so long as indulgence does not interfere with the equal rights of others to enjoy what they choose in their own way.

Judging from the conspicuous manifestations of popular choice in amusements or recreations it appears that the people run much to fads. When dancing has the call everybody dances for some time. At another time one might be ex-

LIFE'S VAUDEVILLE.

[By Dr. James Ball Naylor.]

THE GERMAN TREATY.

"O Peace! Thou source and soul of social life, Beneath whose calm inspiring influence, Science his views enlarges, Art redoubles, And swelling Commerce opens all her ports! Blessed be the man divine, who gives us thee!" We are at peace with Germany—at last. The treaty has been ratified by Germany. We had those in this country who were greatly disappointed, and not a little irritated, because we did not join the league of nations; because we did not join with our associates in the war in making peace with our foes. They said we should be isolated. They declared we should be completely shorn of all power in the world's affairs. They asserted that we should be completely shut out of the world's councils.

They averred we should lose all our advantages, and have to relinquish all our rights, in the war settlements. However, the American people firmly and decisively refused to subscribe to the covenant of the league of nations. And now what has happened? We have made a separate peace with Germany and Austria. And what of the dire predictions of the fearful souls—the predictions I have detailed? Have any of them come true? No. Do any of them threaten to come true? No.

America is not isolated. The world still knows where America is—and what she is. The world still recognizes the greatness and worth of America; the world still seeks the sea path to America's door.

Neither is America shorn of any of her power in the world's affairs. Uncle Sam today is the world's banker; and the world knows this—and knocks at his door, asking for loans. America is the world's greatest storehouse—the great source of raw materials and finished products; and the world is asking America for food for her hungry and clothing for her naked.

Nor are we shut out of the world's councils. The president of the United States says to other nations: "Come over here; and let's make some satisfactory arrangement, and come to some satisfactory agreement, looking to limitation of armaments." And the other nations, without exception, accept the invitation; and so far as appears on the surface, accept it in the spirit in which it was extended.

Nor have we had to lose any of our advantages or relinquish any of our rights, in making a separate peace with our erstwhile enemies. We have courageously and frankly said to our associates of the great war "You must consult America in all settlements you make, in all the mandates you arrange. America's rights must be respected; America's interests must be safeguarded; America's privileges must be preserved." And our associates have replied: "All these things shall be done."

So what have we lost in making a separate peace? Nothing. And what have we gained? More power in world affairs. And what have we preserved? Our independence.

TWISTS AND TURNS.

If dainty debutantes are the cream of society, friend old maids are the ice-cream, and bullied married women are the whipped cream.

A country paper, speaking of a wedding, said: "The roses were pink." Then, aiming to correct the typographical blunder, in the next issue, it added insult to injury thus: "The roses were pink."

First Shade: "Did you just cross the street?" Second Shade: "Yes."

First Shade: "By what means—ford?" Second Shade: "Ford? No; motorcycle."

Jay Smiley and Will Knapp returned home from the Buffalo exposition. John C. McNally went to Columbus to look after the matter of a parole for Lewis Wilkinson. Members of Epworth M. E. church asked for the reappointment of their pastor, Dr. Albert Edwin Smith, for another year. There had been some talk of him being appointed presiding elder of the Delaware district. Joseph LaDu, aged eighty-five, was buried. J. V. Kilbury, of the Huber offices, was taking a vacation. Earl Werts, son of Officer John W. Werts, of Edwards street, was hit over the head with a plastering trowel by a playmate. The trowel had a nail in it and the Werts boy suffered a bad scalp wound as a result.

PROSPECT LUTHERAN CLASS ENTERTAINED

Rev. H. K. Freeman III at Pros-

pect—Notes.

Prospect, O., Sept. 20.—[Special]—Members of class No. 7, of the Lutheran Sunday-school, taught by Miss Margaret Stiller, held an all-day meeting Wednesday at the home of Mrs. W. F. Almendinger. At the noon hour a picnic was enjoyed. The afternoon was spent in sewing and knitting a comfort to be sent to Rev. C. W. Pfueger, the inner missionary. Columbus. Guests of the class were Rev. and Mrs. L. H. Hurrelbrink, Mrs. Millie Wyatt and W. F. Almendinger, of Prospect, and Mrs. Christina Wildermuth, of Marion.

Mr. and Mrs. Willis Allen, living east of Prospect, entertained Mrs. Elizabeth Sells and Mrs. Kate Alexander, of Marion, Sunday, the event being the eightieth birthday of Mrs. Sells. The day was spent socially and in the afternoon old friends and acquaintances were called on.

The Boy Scouts held a picnic at the Prospect Lumber company's building Friday. A fine supper was served, after which music and games were enjoyed. About sixty Boy Scouts and their families were present.

Mr. and Mrs. George McPherson are the parents of a new son, born Sunday morning.

Elvin Freeman, who left Monday for college at Oberlin, was given a reception in the basement of the Baptist church Friday evening.

Miss Helen Fleck, living south of town, entertained the members of the Worldwide guild, of the Baptist church, at her home Thursday evening. The meeting was opened with a devotional service, in charge of Mrs. W. C. Sivey. The lesson on "Japan" was discussed by Misses Elizabeth Wottring, Vera and Beulah Whitted. Mrs. W. C. Sivey read a story entitled, "Spellman in Africa."

Miss Marie Ball gave a poem.

Rev. H. K. Freeman, pastor of the First Baptist church here, is very sick at his home.

MOST PITIFUL SIGHT IN LIFE

Is a man or woman who has no "will-power" as a result of nerve force exhaustion

All the physical suffering which may be caused by nervous irritability, headaches, backaches, indigestion, heart palpitation, etc., as a result of nerve force exhaustion, are nothing as compared with its awful effects upon the mind and "will power."

The most pitiful sight in life is a man or woman who has "no will"—who has noble impulses and desires but not enough "will power" to carry them through. The memory also fails; the judgment is bad and everything therefore seems to go wrong.

In such cases, do not take mere stimulating medicines nor narcotic drugs (which only further injure your delicate nervous system), but what you need is something to put more nerve force into your nerves and more iron into your blood to help make new nerve force with which to feed your starving nerve cells. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most resembles that in the brain and nerve cells of man. It also contains strength-giving organic iron for the blood, and may therefore be said to be both a blood and a nerve food. Over 4,000,000 people are using it annually. Satisfactory results are guaranteed to every purchaser or the manufacturers will refund your money. Beware of substitutes. Look for the word "Nuxated" on every package. Sold by all druggists.—Adv.

Offensive Against Angora Col-

lapees, Says Report.

Paris, Sept. 20.—The Greek offensive against Angora, former capital of the Turkish nationalists, has collapsed just as the Greeks were at the gates of the city, according to advices from Turkey, yesterday.

The Turks are developing a strong counter-offensive and have defeated the Greeks at Sivri-Hissar, said an Exchange Telegraph despatch from Constantinople. The Turks captured Sivri-Hissar. The Greeks lost heavily in killed and wounded and left behind them a large amount of war materials.

Gives Up Tour.

Berlin, Sept. 20.—Maximilian Harden, Germany's most famous journalist, has cancelled his proposed lecture tour of the United States. Herr Harden was to have sailed on the liner, George Washington, September 17, but he announced Monday, heart weakness had compelled him at the last minute to forego his plans. He was under contract to deliver lectures in many cities in the United States.

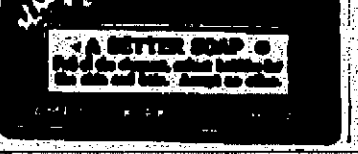

Kills a Negro.

Bellefontaine, Sept. 20.—B. S. Brown, negro, of Indianapolis, was shot and killed here yesterday, by Detective Sam Hall, of the Big Four railway. Hall says that Brown fired at him when he sought to arrest him in the railroad yards.

Negroes Are Held.

Dayton, Sept. 20.—Five negroes are being held following the stabbing to death, Sunday, of Arthur Blair, forty, colored, in a rooming-house fight.

VEIOCK ON SPORTS

New York, Sept. 20. — Trix Speaker's fighting Indians started their supreme drive for the American league pennant today in Boston.

The hopes of the tribe were staked on three games against the Red Sox and four with the Yankees in New York. They will put everything they have into this string of seven games and from the look of things the pennant will be won and lost by the time the two series have been played.

Who will win or who will lose that question is still a burning question. The Yanks and Indians have been playing king and castle. Today the Indians are leading by two points and the Yankees leaders have lost an opportunity to gain the lead by losing to Detroit.

The race is so close and the rival teams are playing for such a big stake that they may carry the fight all the way to the jumping-off place, which will mean the last two or three games of the season.

The schedule calls for three games here between Cleveland and New York, but the Indians have a postponed game, so that will dispose of it next Monday. The postponement is the only one on Cleveland's book and unless the weather man butts in the tribe will play the full 154 games. The Yankees have a postponed game in Washington and may be forced to run down to the capital to play it off if they fail to knock off the Indians. Business Manager Barrows said today that the playing of the game was all up to Manager Huggins.

The coming Yankee-Indian series should decide the race and as it sizes up today, chances are about even, despite the fact that the Yanks have had it on Cleveland all season, having won eleven out of eighteen games from Speaker's men. The Indians are today leading the New York outfit by what amounts to half a game. They have three games in Boston and a chance to fatten that lead because New York will be idle Thursday.

A lead of a game and a half coming into New York would mean much to the Indians for an even break would send them away holding first place and they wind up the season with four games against the White Sox at Chicago. The Sox have been door mats for Speaker's men all season. Out of eighteen games Cleveland has won fourteen from Chicago and with two days in which to rest his pitchers after leaving here for the West, Speaker would be in great shape to drive straight home another pennant.

The Yanks, after winding up with Cleveland, will go to Philadelphia for two games and then return home for one game each with the Athletics and Red Sox.

The National league situation was changed but little today. The Pirates cut the lead of the Giants to 2-1-2 games, but will get no more chances and the Giants are ready now to pounce on the helpless Cubs while Pittsburgh must tackle the Dodgers.

BASEBALL

Tagging the Indians.

Carl Mays blew up in the eighth inning and when Huggins failed to derick him the Tigers turned defeat into victory.

The Yankee fans wended their way homeward last night feeling that they may have witnessed the turning point in the pennant race.

Boston outscored the White Sox twice. Bush grabbed the first game, while Kafr outpitched Connolly and Faber.

The Browns trimmed Philadelphia.

The Cards won by hitting Hubball hard and timely while Haines pitched steady ball.

Habe Adams let the Giants down with six hits, outpitching Douglas and Toney.

Twenty-five hits featured the Braves-Reds argument and the Braves made the most hits. They also made the most home runs.

ONE BRAND-ONE QUALITY-One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality.—That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels' great and growing popularity—that is CAMEL QUALITY.

**MT. GILEAD SCHOOLS
ARE OPENED MONDAY**

Another Bond Election Is To Be
Held October 1.

The board of education has au-
thorized another school bond issue
election, to be held at Mt. Gilead,
October 1, when the question of in-
suing bonds for new school buildings
will be presented for action for the
fourth time, after having been de-
feated on three previous occasions.

The schools which have been clos-
ed so far for the current year were
opened Monday, both high school
and elementary. It will be arranged
that the elementary schools will con-
tinue throughout the school year,
but if the bond proposition is again
defeated, the high school will be
closed.

Pupils of the high school who have
arranged to attend school at Gallon
and other places will continue in
those schools, it was announced this
morning.

**MAN ARRESTED FOR
INTERCEPTING LETTERS**

Written by Mrs. L. A. Allen, of
Marion, to Husband.

Phil H. Carter, Charleson, West
Virginia, awaits action of the fed-
eral jury under \$500 bond as the
result of a "mail and female" ep-
isode revealed to United States Com-
missioner Wright yesterday, says
this morning's Ohio State Journal.
Not content with reading his
own pink-tinted, delicately perfumed
billetts d'ou, Carter intercepted let-
ters addressed to L. A. Allen from
Allen's wife, at Marion, Postal In-
spector Guy E. Newton, of Newark,
told the officials. He then wired
Mrs. Allen an W. O. S. for funds
signing Allen's name, Newton said,
and received \$15.

**PORCH OVER CHURCH
STEPS BEING BUILT**

With Money Raised by Daughters
of Grace.

Funds raised by the Daughters of
Grace of the St. Paul's Episcopal
church are being used in the con-
struction of a rain porch over the
front steps of the church. The
porch, when completed, will extend
about ten feet out from the church.
It will be painted dark and covered
with asbestos roofing. The addition
will cost \$200 and will be completed
by Thursday.

BUICK

**MORE PROMINENT THAN EVER
ARE THE 1922 BUICKS**

There are many new and advanced features to interest you in the
new Buick Car.

Sensible—

For years, Buick engineers have built Buick cars on Sensible Lines
for buyers who look upon the motor car as a business utility as well
as a pleasure.

Sturdily Built—

Designed for power and dependability, possessing grace and
beauty in every line—the new Buick series upholds the traditions
that have made the name "BUICK" a notable word in the Auto-
motive industry.

Dependable—

Dependability has ever been a feature of Buick Valve-in-Head
Motor Cars. The new 1922 Buicks have been made even more de-
pendable by—

THESE NEW FEATURES

Doors of open models are square in appearance, a trifle
larger and so built in as to be easier to open and close.

All door handles are on the outside

Longer rear fenders that extend farther down to give bet-
ter mud protection qualities, and improves looks of the car.

New style side quarter top, which gives an entirely origi-
nal appearance.

All open cars are equipped with the new Buick patented
top, which permits an unobstructed view of all occupants.

It is no longer necessary to get under the car to drain oil
from the crank case. Just inside the hood a handle which op-
erates the plug.

Water may be drained from the radiator by turning an
extended handle placed within convenient reach.

The closed models carry a gas register on the dash.

A more resilient suspension gives a riding comfort as de-
lightful as their exterior appearance is pleasing.

OF \$1,000 ON THAT DAY

Today Marks Formal Opening of the Fair, but Real Show Starts Tomorrow.

Today marked the opening of the seventy-first annual Marion county fair, but the day is being put in by exhibitors in getting their displays arranged, while concession men are getting up their tents and race horse trainers are getting their stables worked out. The attractions will all be ready for an early start Wednesday when the first racing will be held.

One of the features for Wednesday will be the start of the horse-shoe pitching contest for the championship of the county. This will start at 1 o'clock on ten courts across the track in front of the stand. Entries can be made at the office of Secretary J. H. Eymon, on south Main street, as late as Tuesday evening.

There are three events on the race program for Wednesday and there are large fields of horses entered in each. The attractive purses with a \$1,000 stake on Wednesday and one on Friday have brought some good racing horses to the fair and there will be some large fields. Steve Phillips, of Xenia, who started the horses last year, will probably be the starter again this year. The horses entered in the races for Wednesday are as follows.

Heating
Stove
Values

—In the purchase of a Heating Stove there are three costs that always must be paid.

- 1.—Cost of Stove.
- 2.—Cost of Fuel.
- 3.—Cost of Repairs.

You owe it to yourself, do you not? to carefully investigate what these costs will be, covering a period of years.

In selecting a heating stove you may accurately determine in advance what these three costs will be.

There are many Round Oak features which we will be glad to introduce to you—such as Seamless One-Piece Ash Pit, an air tight stove; double firepot and boiler iron body which mean durability for years to come.
